

To whom it may concern

18 February 2014

Subject: "SUPPLY OF ROLLING STOCK (SERIES II) FOR THE ATHENS TRAMWAY" (RFP-241/13)

Approval of

- a) Modification to Article 12.1.1 of the Performance Specifications**
- b) Modification to Article 10.3.3 of the Conditions of Contract**
- c) 3rd Extension to the Deadline for the Submission of Offers**

Dear Sirs,

Please be advised that through ATTIKO METRO S.A. Board of Directors Resolution no. 1249(b)/14.02.2014 approval was granted for the following items:

- a) Article 12.1.1 of the Performance Specifications and, thus, Responses 26, 231 and 260 of the Clarifications Document are modified as follows:

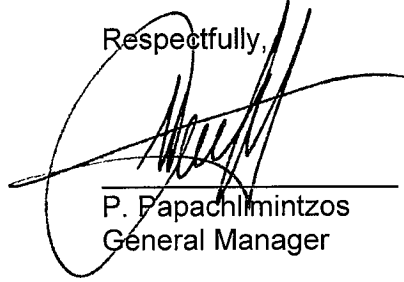

"The control system (Brake Control Unit – BCU) shall operate using modern microprocessor technology and process the data using no less than 16-bit computers".

- b) Article 10.3.3 of the Conditions of Contract and, thus, Responses 64, 83, 110 and 139 of the Clarifications Document referring to article 10.3.3 are modified as follows:

"The GPLoG is limited to 40% of the initial guarantee right upon approval of the Provisional Acceptance Protocol. 40% shall be returned to the Contractor interest-free upon Final Acceptance for the entire Supply and upon signing the relevant Protocol, on condition that no AM's claims are pending for any liable violation of the Contract terms and on condition that no reason ever existed for the Letter of Guarantee to become payable either in total or in part. *In case of partial provisional acceptance, then the Good Performance Letter of Guarantee is limited to the same percentage – on a proportional basis – per tramway vehicle*".

- c) Extension to the deadline for the submission of the offers up to **Monday April 14th 2014** at 15:00.

Respectfully,

P. Papachilimintzos
General Manager
