In case the bidder is a legal entity, penal records should concern:

- his administrators (in case of General Partnership Companies, Limited Liability Companies or Limited Partnership Companies);
- the Chairman and the Managing Director (in case of a Société Anonyme);
- the natural entities responsible for its administration (in any other case);

With regard to foreign bidders, they must submit the corresponding certificates issued by the authority concerned of their country of origin accompanied by an official translation. In case the country concerned does not issue such a document or certificate or in case this document or certificate does not cover all the cases stipulated above, then the said document or certificate can be substituted by a statement under oath (affidavit) to be submitted by the interested party; moreover, in the member-states where there is no provision for the issuance of affidavits, these can be replaced by an official statement before the Judicial or Administrative Authority concerned, a notary public or a professional organization of the country of origin of the bidder.

- 19.1.4 As far as case 10.3.9 is concerned, the bidder shall submit a certificate issued by the competent Authority (Professional Record or the respective Chamber) verifying that no professional misconduct has been committed inducing the imposition of a disciplinary action. The Companies for which there is no disciplinary council shall submit an official statement certifying that no disciplinary council exists and that they have not committed any grave professional misconduct.

With regard to foreign bidders, they must submit the corresponding certificates issued by the authority concerned of the member-state accompanied by an official translation. - 19.1.5 For items 10.3.1, 10.3.3, 10.3.4, 10.3.5, 10.3.6, 10.3.7, 10.3.8, 10.3.10, as far as Greece is concerned, the bidder shall submit a statement under oath certifying that the economic operator is not subject to any of the aforementioned cases specified in article 10 herein or, in Member States where there is no provision for statement under oath, by a legal statement made by the person concerned before a competent judicial or administrative authority, a notary or a competent professional or trade body, in the country of origin or in the country whence that bidder comes.

This Company shall have the largest percentage for participation in the Consortium (leader) and the natural entity to be appointed as the common representative of the consortium before AM shall derive therefrom.

19.3 Back-up documentation for the Review of article 12 “Selection Criteria”

The back-up documentation referred to in detail in article 12 herein, proving that the selection criteria presented in the relevant article are adhered to.

19.4 Back-up documentation in case of sub-contracting work

In case a part of the contract is assigned **to third parties as a sub-contracting work**, the “provisional Contractor” must submit the information pertaining to the sub-contractors he proposes and present the part of the contract he intends to assign to them. In addition, as far as the sub-contractors are concerned, the back-up documentation stipulated in paragraph 19.1 and the BoD’s resolution or the decision of the agency’s statutory instrument concerned, approving the assignment of the contracting work, must also be submitted.

19.5 Back-up documentation in case of invocation of third party resources

19.6 Clarifications on the submission of the back-up documentation detailed above

All documentation, certificates, documents, etc., to be submitted by the Bidders, shall be original or merely legible photocopies of public documents. As regards the certifications of photocopies, valid shall be the stipulations of article 1, Law 4250/14, about the abolishment of the requirement for certifying documents' photocopies.

In the required tender documents, at the points where reference is made to the submission of a legal statement, such statement is meant to be, on the one hand as far as Greek companies are concerned, the "Legal Statement of Law 1599/86" and on the other hand as far as foreign businesses are concerned the "Statement on a document with an equivalent validity". As such is meant an affidavit or, in case an affidavit is not foreseen, an official statement before a Judicial or Administrative Authority, Public Notary or the competent (Professional) Organization of the Bidder's country of origin or domicile.

It is not required for the legal statements to bear a signature authentication; their date shall fall within the last thirty (30) calendar day-period prior to their submission.

All public documents, that are related to foreign Companies and are to be submitted by the Bidders in the framework of this tendering process, shall be legible photocopies of the original copies ratified either by the pertinent Consular Authorities of the country of the bidder, or via the seal of the Apostille, in line with the Convention of Hague dated 05.06.61 (ratified by law 1497/84), so their originality be certified. The translation of the subject documents can be performed either by the Translation Department of the Greek Ministry of Foreign Affairs or by the relevant consular authorities, or by an attorney, by virtue of Article 454 of the Code of Civil Procedure and article 53 of

	<p>PROJECT: PROCUREMENT OF EQUIPMENT FOR THE MODIFICATION OF THE FIRE DETECTION SYSTEMS IN THE METRO STATIONS ON LINES 2 AND 3 AND THEIR INTERFACE WITH THE AUTOMATIC FARE COLLECTION SYSTEM (AFC)- OASA</p> <p>INVITATION TO TENDER</p>	<p>RFP-312/17</p> <p>A.Σ. 29393</p>

the code of attorneys, or by a sworn translator of the country of origin – if such a service exists.

AM reserves its right to request any other document deemed necessary upon completion of the study of legalizing and other documents and data to be submitted prior to the signing of the Contract. Moreover, if there are any doubts, AM is entitled to address itself directly to the competent authorities to obtain any information on the personal status of the “provisional Contractor”. In case the information concerns a “provisional Contractor” established in a State other than that of the contracting authority, then the awarding authority may seek the cooperation of the competent authorities. Having regard for the national laws of the Member State where the Bidders are established, such requests shall relate to legal and/or natural persons, including, if appropriate, company directors and any person having powers of representation, decision or control.

In case of a consortium / association, the requirement for submission of the aforementioned documents, data, certificates and official statements shall be valid for each member separately.

ARTICLE 20 EXECUTION OF THE CONTRACT

Upon completion of the review of the back-up documentation for the award, the selected Contractor(s) shall be called upon to sign the Contract within twenty (20) calendar days as of the date of the announcement of the results pertaining to the review of the Back-Up Documentation.

The contract shall be signed - on the part of the Contractor - by his authorized representative, who shall initial and stamp each page of the Contract Documents. Contracts to be concluded with Joint Ventures/Consortia shall be signed by the Legal Common Representative on condition that he is legally authorized to this end.

At the Contract signing stage, the selected Contractor ought to submit the following:

20.1 In case the “provisional contractor” is a Joint Venture, then five (5) calendar days prior to the signing of the Contract he shall submit a Notary Act for the establishment of the Joint Venture; the following shall necessarily be included therein, namely:

1. The joint venture’s acceptance to jointly participate in the execution of the Contract.
2. The participation percentage of each member in the joint venture.

	<p style="text-align: center;">PROJECT: PROCUREMENT OF EQUIPMENT FOR THE MODIFICATION OF THE FIRE DETECTION SYSTEMS IN THE METRO STATIONS ON LINES 2 AND 3 AND THEIR INTERFACE WITH THE AUTOMATIC FARE COLLECTION SYSTEM (AFC)- OASA</p> <p style="text-align: center;">INVITATION TO TENDER</p>	<p style="text-align: center;">RFP-312/17</p> <p style="text-align: center;">A.Σ. 29393</p>
---	--	---

3. The appointment of the member-companies with the highest percentage in the Joint Venture as Leader, who shall have the irrevocable order and authorization of the remaining member-companies to represent the joint venture and commit its members before AM throughout the duration of the Contract, and, in general, to act and state what is necessary for the implementation of the Contract. The natural entity to be appointed as the common representative of the joint venture before AM shall derive from this member (Leader) of the Joint Venture.
4. The members shall be solidly and wholly responsible before AM with regard to the obligations ensuing from the Contract.

The Notary Act for the Establishment of the Joint Venture shall be accompanied by Statements of the Representative and his Alternate, whereby they accept their appointment. The appointment of the Representative and his Alternate, as well as the statements of acceptance must be unconditional and cover all issues concerning the execution of the Contract (e.g. payments, accounts, taking delivery of instructions, exchange of correspondence, taking delivery of Letters of Guarantee, etc.).

If the “provisional contractor” is a Company, he shall also appoint – through a notary document – his representative for the execution of the Contract. Statement of the Representative, whereby he accepts his appointment, shall accompany the Notary Act for the Appointment.

The appointment of the Representative, as well as the statement of acceptance must be unconditional and cover all issues concerning the execution of the Contract (e.g. payments, accounts, taking delivery of instructions, exchange of correspondence, taking delivery of Letters of Guarantee, etc.).

- 20.2** Five (5) calendar days prior to the signing of the Contract, the Contractor should submit a Certificate by the Insurance Company (-ies) about the insurance coverage of the contract, in line with the stipulations of article 27 of the Conditions of Contract.

The original insurance policies shall be submitted by the Contractor, within a 15-calendar day deadline as of the Contract signing, along with the receipt for the payment of the first premium instalment. In case the Contractor does not comply with the above, the stipulations of article 27 of the Conditions of Contract are in effect.

- 20.3** Five (5) days **prior** to the signing of the Contract, the Contractor should provide a draft Good Performance Letter of Guarantee, as per sample A attached to Conditions of Contract and the provisions of

	<p style="text-align: center;">PROJECT: PROCUREMENT OF EQUIPMENT FOR THE MODIFICATION OF THE FIRE DETECTION SYSTEMS IN THE METRO STATIONS ON LINES 2 AND 3 AND THEIR INTERFACE WITH THE AUTOMATIC FARE COLLECTION SYSTEM (AFC)- OASA</p> <p style="text-align: center;">INVITATION TO TENDER</p>	<p style="text-align: center;">RFP-312/17</p> <p style="text-align: center;">A.Σ. 29393</p>
---	--	---

article 10.3 of the CC. The Contractor, upon signing the Contract, shall submit the original Good Performance Letter of Guarantee.

- 20.4** Should the deadline for the signing of the contract elapses idle on the appointed Contractor's liability, who, despite having been called, does not show up for the signing of the Contract or does not submit the required guarantees, or fails to comply with his obligations as stipulated in this document, then the Contractor is declared forfeited without any requirement for the prior communication to him of a special order and the Letter of Guarantee for Participating in the Tender becomes payable in favor of AM. In this case, AM's Board of Directors can nominate as the Contractor the Bidder whose offer follows in the classification drawn by the Tender Committee. If no one of the bidders comes to sign the agreement, then the awarding procedure shall be annulled. AM reserves the right not to award the Tender and to annul it (in line with article 18 of this Invitation), without this constituting any kind of obligation for any compensation to any interested party.

ARTICLE 21 LANGUAGE FOR THE CONDUCT OF THE TENDER - LANGUAGE OF THE CONTRACT

The official language for the conduct of the Tender and the Contract to be signed is Greek. All back up documents, certificates and documents required to be submitted during the conduct of the Tender shall be in Greek. Should the original documents in question have been drawn originally in a language other than Greek, **they should be accompanied by an official translation in Greek and the Greek language shall prevail.**

The translation authenticated by the Greek consular authorities or the Translation Department of the Greek Ministry of Foreign Affairs or by an attorney according to the stipulations of the code of attorneys is accepted as an official translation. The translation includes the seals of the Public Authorities that issue or ratify the documents, as well as the Apostille.

The Contract shall be compiled in the Greek language. The overall written communication between AM and the Contractor shall be conducted in the Greek language.

Exceptionally, any information technical leaflets for materials or equipment can be submitted in English and shall be translated by the Bidder in Greek, if so requested by AM.
