The above shall be submitted for any other operator, whose economic and financial (credibility), or technical and professional capacity shall be utilized, even if these operators constitute subsidiaries of the third party.

as Subcontractors are concerned, it is required to submit the supporting documents stipulated in article 21.1, the Resolution of the BoD or the decision of the competent statutory instrument of the economic operator concerned, whereby approval will be granted for the award of the sub-contracting work and the respective resolution on the part of the sub-contractor on accepting the award of the sub-contracting work.

21.6 Clarifications on the submission of the back-up documentation detailed above

All documentation, certificates, documents, etc., to be submitted by the Bidders, shall be original or plain legible photocopies of public documents. As regards the certifications of photocopies, valid shall be the stipulations of article 1, Law 4250/14, about the abolishment of the requirement for certifying documents' photocopies.

In the required tender documents, at the points where reference is made to the submission of a legal statement, such statement is meant to be, on the one hand as far as Greek companies are concerned, the “Legal Statement of Law 1599/86” and on the other hand as far as foreign businesses are concerned the “Statement on a document with an equivalent validity”. As such is meant an affidavit or, in case an affidavit is not foreseen, an official statement before a Judicial or Administrative Authority, Public Notary or the competent Professional Organization of the Bidder’s country of origin or domicile.

It is not required for the legal statements to bear a signature authentication and they must be dated within the last thirty (30) calendar day-period prior to their submission.

AM reserves its right to request any other document deemed necessary upon completion of the study of legalizing and other documents and data to be submitted prior to the signing of the Contract. Moreover, if there are any doubts, AM is entitled to address itself directly to the competent authorities to obtain any information on the personal status of the “provisional Contractor”. In case the information concerns a “provisional Contractor” established in a State other than that of the contracting authority, then the awarding authority may seek the cooperation of the competent authorities. Having regard for the national laws of the Member State where the Bidders are established, such requests shall relate to legal and/or natural persons, including, if appropriate, company directors and any person having powers of representation, decision or control.

-----------------------------------------------------------------------------------	------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------	-------------------------------------

In case of an association, the requirement for submission of the aforementioned documents, data, certificates and official statements shall be valid for each member separately.

ARTICLE 22 EXECUTION OF THE CONTRACT

Upon the occurrence of the legal effects of the award resolution and the positive opinion of the State’s Council, in line with article 17.3.2 herein and paragraph 4, article 105 of Law 4412/16, the awarding resolution shall be communicated to the Contractor, who is called upon to present himself to sign the contract within a deadline of **twenty (20) days** upon communication of the relevant special invitation to him.

The contract shall be signed - on the part of the Contractor - by his authorized representative who shall initial and stamp each page of the Contract Documents. Contracts to be concluded with Joint Ventures/Consortia shall be signed by the Legal Common Representative on condition that he is legally authorized to this end.

At the Contract signing stage, the selected Contractor ought to submit the following:

22.1 In case the “provisional contractor” is a **Joint Venture**, then five (5) calendar days prior to the signing of the Contract he shall submit a Notary Act for the establishment of the Joint Venture; the following shall necessarily be included therein, namely:

1. The joint venture’s acceptance to jointly participate in the execution of the Contract.
2. The participation percentage of each member in the joint venture.
3. The appointment of the member-companies with the highest percentage in the Joint Venture as Leader, who shall have the irrevocable order and authorization of the remaining member-companies to represent the joint venture and commit its members before AM throughout the duration of the Contract, and, in general, to act and state what is necessary for the implementation of the Contract. The natural entity to be appointed as the common representative of the joint venture before AM shall derive from this member (Leader) of the Joint Venture.
4. The members shall be solidly and wholly responsible before AM and the Law with regard to the obligations ensuing from the Contract.

-----------------------------------------------------------------------------------	------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------	-------------------------------------

The Notary Act for the Establishment of the Joint Venture shall be accompanied by Statements of the Representative and his Alternate, whereby they accept their appointment. The appointment of the Representative and his Alternate, as well as the statements of acceptance must be unconditional and cover all issues concerning the execution of the Contract (e.g. payments, accounts, taking delivery of instructions, exchange of correspondence, taking delivery of Letters of Guarantee, etc.).

- 22.2** If the “provisional contractor” is a **Company**, he shall also appoint – through a notary document – his representative for the execution of the Contract. Statement of the Representative, whereby he accepts his appointment, shall accompany the Notary Act for the Appointment.

The appointment of the Representative, as well as the statement of acceptance must be unconditional and cover all issues concerning the execution of the Contract (e.g. payments, accounts, taking delivery of instructions, exchange of correspondence, taking delivery of Letters of Guarantee, etc.).

- 22.3** Five (5) calendar days prior to the signing of the Contract, the Contractor should submit a **Certificate by the Insurance Company (-ies)** about the insurance coverage of the Contract, in line with the stipulations of article 27 of the Conditions of Contract.

The original insurance policies shall be submitted by the Contractor, within a 15-calendar day deadline as of the Contract signing, along with the receipt for the payment of the first premium instalment. In case the Contractor does not comply with the above, the stipulations of article 27 of the Conditions of Contract are in effect.

- 22.4** Subsequently and prior to the signing of the Contract, the **legal statement** of the joint ministerial decision made by the Ministers of Development and of State No. 20977/23.08.2007 (B’ 1673) “*Back-up Documentation intended for Registries -f Law 3310/2005, as amended via Law 3314/2005*” will be submitted.

- 22.5** Five (5) days **prior** to the signing of the Contract, the Contractor should provide a draft Good Performance Letter of Guarantee, as per sample A attached to Conditions of Contract and the provisions of article 10.3 of the CC. The Contractor, upon signing the Contract, shall submit the original Good Performance Letter of Guarantee.

- 22.6** Should the deadline for the signing of the contract elapses idle on the appointed Contractor’s liability, who, despite having been called, does

In this case, AM's Board of Directors can nominate as the Contractor the Bidder whose offer follows in the classification drawn by the Tender Committee. If no one of the bidders comes to sign the agreement, then the awarding procedure shall be annulled. AM reserves the right not to award the Tender and to annul it (in line with article 20 of this Invitation), without this constituting any kind of obligation for any compensation to any interested party.

Any objections or preliminary judicial appeals shall be submitted in Greek.

The offers and all information contained therein shall be compiled in Greek or be accompanied by their official translation in Greek.

All public documents concerning foreign Companies and which shall be submitted by the bidders during the conduct of the Tender shall be legible photocopies of those legally ratified either by the Consular authorities in the country of the bidder, or by affixing the “Apostille” stamp as per the Hague Convention dated 05.10.61 (ratified by Law 1497/84) as a proof of their authenticity. These documents can be translated either by the Translation Department of the Greek Ministry of Foreign Affairs or by the appropriate Consular Authorities, or by an attorney, as per article 454 of the Code for Civil Procedure and article 53 of the Code of Attorneys or by a chartered translator of the country of the bidder, if such a procedure exists in this country.
